Anti malaria works at Maudya

General and Revenue Secretariat

In File No 98 of 1942 [App F. III—2

Serial No

From The D C Maudya Dt
No As- 3780/39-40 dy 21 10 42

Recommends sanction, on the circumstances stated, to a grant of Rs 2000/- from out of the Town Improvement Grant for the current year for carrying out certain anti malaria works at Maudya

1) It is stated that anti malaria works were carried out in the Maudya town at an annual cost of Rs 6000/- duy the last two years, the Sugar Co, the local mcty & the Govt bearing Rs 3000, Rs 2000 and Rs 1000 respectively, the Govt's share of the cost being debited to R R & Funds

2) Duy the current year both the Sugar Co and Govt have withheld the payment of their respective contributions, the former having confined the anti malaria works independently to the Sugar town Area The mcty has so far incurred an expenditure of Rs 1900 from out of its funds duy the current year for such works and is unable to bear any more expenditure as the Account are due to several Commitments Hence the D.C. recommends sanction to a grant of Rs 2000 being for the purpose from out of the T I. Grants

3) It is not clear whether these works are duy carried out in a systematic manner and according to an approved programme of works the details of which such as the making of the works

undertaken, the progress made so far, the result of such action, the Cost of the Works yet remaining incompleted etc have not been furnished Whether the Director of P H has been Consulted in the matter is not also known During the current year and whether any estimate for these Works has been prepared and whether the expenditure incurred by the Mal Cmtee has been duly sanctioned by Govt etc are all points on which information is necessary

4) Another point for Consideration is Whether such expenditure for anti malaria Works in mfssl is really a legitimate charge on Town Improvement grants, which is allowed sums to be distributed for town improvement Works in 105 mfssl in the State Such Charges which were not high were no doubt being debited so far to the T I Grant. The adoption of these measures on a large scale in an extensive manner in a large no of mfssl may not perhaps be possible or Conducive, if the Cost has to be Continued to be met out of the Town Improvement Grants, for it would mean the diversion of funds for anti malaria Works instead of Town Improvement Works The proposal of the DC is however subject to orders

H.L. 26/10

5) What is the financial condition of this Town fdly for 1942-43 ?

6) The Mandya Town Md Council has an investment of Rs 6444-14-6 in the Govt Savings Bank. The gross receipts and expenditure of the mdly committee as anticipated during the current year amount to Rs 90,425 and Rs 95,309 and the closing balance is Rs 17,354 which is below the prescribed minimum. The normal expenditure is slightly more than its normal income for the current year

7) asked for orders as to the action to be taken on the mdly appn

Serial No

13) The Mandya Municipal Council has incurred an expenditure of Rs 2549-9-6 from out of its funds on the strength of provision in the sanctioned budget of the MCH for the current year. The president's letter & the Report of the Health Officer go to show that the work is being carried out in a systematic manner according to an approved programme. As the Sugar Co has also stopped payment of its Contribution during the current year, Sanction is recommended that a grant of Rs 2000 may be given from the T P- Grants for the current year, during which the work would be carried on during the current half-year.

14) The revenue available under the current years T P- Grant is only Rs 4/134-8-0 Ruled for orders

Draft on 10/2 9/2

The Mandya Municipal Council has been carrying on anti-malarial measures during the current year although the contributions which were being paid to it by the Sugar Co & the K.R.S. Works have been stopped. It is found difficult to carry on these operations single handed. A provision of Rs 2000 has been made in the current year's budget by the Council towards this item of expenditure & a sum of Rs

25.4.9.1/16 is reported to have been spent already. The Md requests that a grant of Rs 2000/ may be given to it for meeting a portion of the cost, which is estimated at Rs 5555/-. The D.C Mandya & Distt recommends sanction for it, & the work should have to be stopped during the present half year. It will be seen from the detailed report called for & promised that much useful work is being done by the Md on this direction having regard to the peculiar situation of this Distt. Heat greater than Rly, these questions have to be entertained & be carried on incessantly since the Md has paid its quota of Rs 2000/, the payment of a grant of Rs 2000/ towards this object during the current year may be sanctioned. A grant of Rs 8500/ has been already given to the Mandya Town Md this year out of Govt grants. Another sum of Rs 2000/ may be sanctioned for anti-malaria measures out of the recovery of Rs 4134/8/ made by Govt for orders.

Sir,

Re Antimalarial works round about Mandya Town and Contributions from K R S Funds and Sugar Factory thereof

---

Adverting to correspondence ending with Docket No P W 2277/42 dated 18-9-1942 from the Secretary to Government, P W Department, to this Office (Copy enclosed) directing to seek help from Town Improvement Grants instead of from the K R S funds for the purpose noted above, I have the honour to forward herewith a copy of letter No M C 7/40 dated 14-10-42 received from the President, Town Municipal Council, Mandya requesting to address Government for grant of funds and to state that the income of the Municipality is not commensurate with the expenditure required for the various improvements to be effected simultaneously on account of Sudden and steady growth of the Town Unless funds from extraneous sources flow for meeting the heavy commitments of the Municipality, some of the urgent and important works have to be postponed indefinitely As

P T O

As the Municipality has already provided only Rs [redacted] towards the work and as the Antimalarial control works round about the Town cannot be neglected at this stage, I request you to obtain the orders of Government for a grant of at least Rs 2,000/- towards the said work out of the Town Improvement grants for the current year to meet expenditure on antimalarial works during the remaining part of the year.

I have the honour to be,
Sir,
Your most obedient servant

Brief Report of Anti-Malaria work at Mandya Town and its results

Question No 1 If these works are being carried out in a systamatic accordingly to an approved programme of works, if so the details (Ref to letter No L 5420/ML 98-42-8 dated 28th Nov 1942 from the Secretary to Govt Law Department, Bangalore to the Deputy Commissioner, Mandya)

Answer "Yes these works are carried out in a systamatic manner accordingly to the approved programme as detailed below -"
For the purposes of Anti-malaria work the entire town of Mandya is divided into six Blocks and each block being attended to one day in the week, in cyclic order

APPROVED PROGRAMME OF ANTI-MALARIA WORK

Monday - Block No 1 District Offices Channel, Wet lands, Kallahally - feeder channel, wet lands Kallahally burial grounds -

Tuesday -Block No II Kalahally feeder channel, Kodihally wet lands Mandya tank bed channel, cross channels pit and trial pits near by

Wednesday -Block No III & Block No IV Kodihally, Hebbahalla and
&
Thursday - A portion of wet lands

Friday -Block No V Halahally tank breached channel including of pits found at the tank bed and Hospital area

Saturday -Block No VI Hosahally tank channel conneeting from the Hosahally tank bed up to pump House and pits nearby

Question No II "Nature of the works undertaken "

1 Paris green dusting
2 Malarial spraying
3 Minor anti-malarial Engineering works, such as, closing up pits where ever possible, cleaning of all the dramns from choking and vegitation and excavation of new drains

4 Systamatic inspection by the Asst Stanitary Inspector, of dwelling houses, cattle sheds, cottage gardens, wells, Hotels etc
5 Stocking and Re-stocking of larvisidal gambusia fish
6 Collection of mosquitoes and larvae for identification to see the efficency of oiling and paris green dusting
7 Adult catches are effected on every Saturday in fixed catching stations

These works are supervised by the Health Officer, Rural Health Unit, Mandya, on every Monday of the week and checking the various collections of water by making test-dips and giving necessary instructions to the Asst Sanitary Inspector, regarding further anti-malaria Engineering works to be done during the week

Question No III "The progress made so far"

Consalidated Spleen figures for Mandya town from the year 1938 to 1942

Block Nos	1	2	3	4	5	Average rate
Spleen rates -						
1938	16	-	5	0	4	9
1939	29	-	5	0	8	8
1941	23	-	16	0	7	13
1942-	9	18	16	9	2	12

The increase in spleen rate is due partially to the inrush of tropical labour, as also to the cessation of anti-malaria works of Mandya Town due to want of materials

Budget Estimate for the staff with provision for oil and other equipment

1	Asst Sanitary Inspector on Rs 25-1-35 plus Rs 5/- C A Rs 25/- plus Rs 5/- (present staff) - --	Rs 360/-
2	7 labours on Rs 12/- each (present staff)	Rs 1008/-
3	Required 3 more labours on Rs 12/- each	Rs 432/-
4	" 1 head gand man on Rs 15/-	Rs 180/-
5	Diesel oil at 10 gallons per day at Rs 0-11-0 per gallon (subject to fluctuation)	Rs 2475/-
6	kreso about 50 gallons @ Rs 2/- per gallons	Rs 100/-
7	Paris green at 10 lbs per month @ Rs 1 0 9 per lb (subject to fluctuation)	Rs /130/-
8	Contingency	Rs 300/-
9	For rounding	Rs 15/-
10	Non recuring equipment such as purchase of sprayers etc ,	Rs 350/-
	Mosquito catching tubes etc ,	Rs 200/-
	Total	Rs 5550/-

Total Rs 5550/- required per yaar

Sir,

Re Antimalaria Measures at Mandya Town

With reference to your Docket No L 8,602-/M/98-42-11 dated 25-2-43 regarding the above, I have the honour to state that as intimated by the Superintending Engineer, Irrigation Circle, (K R S Works) Mysore in his letter No 11,442 dated 10-3-42, contribution from K-R'S. Funds to meet the cost of antimalarial measures adopted for the Mandya Town, cannot be met from the funds in view of the G O No P W 10,984-89 dated 30-6-42 It is also ascertained from the Manager, Sugar Company, in his letter No P H C. 5132 dated 13-4-43 that they have employed a special staff for attending to the anti-malarial works pertaining to their Sugar Town and as such they would be unwilling to continue their contributions from 1-7-43 The Municipal President, Mandya Town has reported in his No A1 C. 369/41-42 dated 2-4-1943 (a copy enclosed herewith) that the funds at the disposal of the municipality are very insufficient to meet the charges of antimalaria work and requests for the grant of Rs 2,000/- from the Town-Improvement grants in case the respective contributions decline to contribute in future

In view of the present importance of the town in which

Sir,

Re Antimalaria Measures at Mandya Town

With reference to your Docket No L 8,602-/m/98-42-11 dated 25-2-43 regarding the above, I have the honour to state that as intimated by the Superintending Engineer, Irrigation Circle, (K R S Works) Mysore in his letter No 11,442 dated 10-3-42, contribution from K-R S Funds to meet the cost of antimalarial measures adopted for the Mandya Town, cannot be met from the fund in view of the G O No P W 10,984-89 dated 30-6-42 It is also ascertained from the Manager, Sugar Company, in his letter No P H C. 5132 dated 13-4-43 that they have employed a special staff for attending to the anti-malarial works pertaining to their Sugar - Town and as such they would be unwilling to continue their contributions from 1-7-42 The Municipal President, Mandya Town has reported in his No Al O C 369/41-42 dated 2-4-1943 (a copy is enclosed herewith) that the funds at the disposal of the municipality are very insufficient to meet the charges of antimalaria work and requests for the grant of Rs 2,000/- from the Town-Improvement grants in case the respective contributions decline to contribute in future.

In view of the present importance of the town in which

)P T O)

xm which is entirely due to the activities of K R S Works, the proximity of Mandya Town Proper and Sugar Town mutually affecting each other in their improvements, thereby giving no room for independent treatments and in view of the meagre resources of the municipality, it is but fair that the payment of the contribution should be insisted upon for some time to come If this is not possible grants may be sanctioned out of Town Improvement Funds as anti-malarial improvements works cannot be carried on without adequate funds.

I have the honour to be
Sir,
Your most obedient Servant,

Deputy Commissioner,
Mandya District.

DSR

Letter No Al No O C 369/41-42 dated31st March 1943 from the President, Town Municipal Council, Mandya to the Deputy Commissioner, Mandya District, Mandya

---o--

Subject Antimalaria measures at Mandya Town.

With reference to your memo No.A5 3780/39 dated 2nd March 1943 forwarding a copy of letter No L 8602/M1 98-42-11 dated 25th Feb-1943, received from the Secretary to Government, calling for a report on the circumstances under which the grants from the Sugar Company limited, Mandya and the Krishnarjasagara Works have been stopped etc , I have the honour to state that Government have sanctioned in their No.L 184-8/M1 56-39-15 dated 15th July 1940 a scheme for efficient Malarial Control in this Municipality at an estimated recurring annual expenditure of Rs 6,000/- directing that the cost should be borne as follows --

1	Rs 3000/-	from the Sugar Town Board, Mandya
11	Rs 2000/-	from the Town Municipality, Mandya
iii	Rs 1000/-	from the Krishnarajasagara Works, Mandya

Town Municipal Council cannot bear this also

On a recommendation made by the then Deputy Commissioner, in his letter No A5 c 1951/40-41 dated 11th March 1941 Government in their order No P/ W 3740/44/5 dated nil have sanctioned a sum of Rs 1,000/- from the Krishnarajapagara Works Funds towareds the above scheme The above sum of Rs 6,000/- was being utilised for carrying out antimalaraa control work within the Municipal limits and Sugar Town area The Sugar Company was regularly paying its contribution for the last two years i e , 1940-41 and 1941-42 and communicated to this office in their letter No S T B 6955 dated 19th April 1942 (copy of which is enclosed) that they propose to have antimalarial control work as a part of the regualr duties of their Sanitary Staff for the Sugar Town and the scheme for the municipality may be taken up indepnddntly of the Sugar-Town. Government have definitely st ted in their order No P W 10984-89 dated 30th June 1942 that in view of the large amounts bei being spent by Government on antimalarial measures round about Mandya Town for improving the health conditions they consider that it is is not possible to give any contribution to this municipality In this connection kind reference is invited to the last para of Letter No P W 2277 dated 18th September 1942, from the Secretary to Government, Public Works Department where in it is clearly specified that 'if the Municipal Council wants funds it should seek help from Town Improvement grants and not from the Krishnarajasagara borrowed funds.'

Bereft of the contribution from the Sugar Compary and as well as from Government the Municipality will have only a sum of Rs. 2,000/- for antimalarial work per year and hence it is not possible to meet this additional item of expenditure in addition to it's normal expenditure as its income is not commensurate with its expenditure

undertake any work satisfactorily in not in a position

P T O

with its expenditure.

It is no doubt advantageous if the Sugar Company and Municipality co operate in carrying out the antimalarial work but since the Company is not willing to do so, I request that a recommendation for a grant of Rs 2,000/- from the Town Improvement grants may be kindly made for carrying on the malarial control work effectively.
